

Data.Gov.au National Map – WA Marine Map template

This is a guide to how you can utilise your National Map for the best viewing potential. It is not comprehensive but hopefully helps. The ABOUT button on the top-right of the map provides good detailed and much more comprehensive help.

Below is the base link for Marine and Coastal Data.

DATA PREVIEW

ALT Estate (DAA-003)

Dataset Description

The Aboriginal Affairs Planning Authority Act 1972 (WA) (AAPA) established the Aboriginal Lands Trust (ALT) with responsibility for administering lands. These properties are now collectively known as the ALT Estate. This is effectively a holding house for Aboriginal land, with the intent being that the land will be utilised in a sustainable manner for the benefit of Aboriginal people, and subject to suitable governance arrangements being in place, land will be transferred to Aboriginal organisations. The dataset is used to assist in the management of ALT Estate properties. The dataset will be required until all ALT properties are successfully transferred to Aboriginal people.
