

Land Titles Registration Practice Manual (index only)

March 2019

Version 14.17

with links to Policy and Procedure Guides updated on 21/03/2019

New guides replace the Land Titles Registration Practice Manual

After receiving feedback from customers, Landgate has replaced its Land Titles Registration Practice Manual with [Land Titles Registration Policy and Procedure Guides](#).

The guides are available from the [Land Transactions toolkit](#). To support the transition, this document contains an index taken directly from the existing practice manual and links to the guides that now contain the information.

The guides are written in plain English and presented in a user-friendly format. They will help assist users in the preparation of plans and easily access the most up-to-date information from Landgate. If you have questions, please email guides@landgate.wa.gov.au.
