

# What is the SPUR Location Grants Program?

Landgate's SPUR Location Grants Program is a collaborative Western Australian (WA) Government initiative, designed to leverage the State's location information and deliver value to the land sector.

In 2022, Landgate is proud to announce its partner agencies are:

- Department of Jobs, Tourism, Science and Innovation
- Department of Finance
- Department of Local Government, Sport and Cultural Industries
- Department of Planning, Lands and Heritage
- Small Business Development Corporation

\$25,000 in grant funding will be allocated to up to five eligible candidates.

Along with financial support, successful candidates will attend targeted information sessions delivered by each partnering agency. The information sessions provide invaluable networking opportunities and assistance to better engage with WA Government data and procurement processes. It is worth noting that previous cohorts consistently identified networking among the most valuable program component.
